

Kihei Smart Growth Scorecard Directions

KCA VISION “E malama pono” ...dedicated to protecting, sustaining, and enhancing the 'aina, kai and 'ohana of Kihei.

Welcome to the Kihei Community Smart Planning and Development Scorecard. This scorecard is an overview of the priorities that are important to our community. It gives a structure and value to these goals, and provides a framework to inspire cooperation and collaboration in achieving our vision.
 Because each project is unique, not every category will apply to every project. Your project's score indicates how successful it is in meeting the goal of healthy growth in Kihei.

	A	B	C
REQUIRED BY CP			
MAX POSSIBLE			
PERTINENT			
PROJECT			

EXPLANATION OF SCORING

REQUIRED BY CP (CP refers to the Kihei Makena Community Plan)

The CP is an integral part of the Kihei Community establishing and maintaining its character and framing the direction of future growth. Adherence to this Plan is mandated by Hawaiian State Law and we have highlighted those items in the Scorecard that are addressed directly in the CP. Please be aware that items not specifically highlighted may still have CP implications.

“CP” notes that this item is required by the Kihei-Makena Community Plan, 1998.

CP

MAX POSSIBLE/PERTINENT – Columns A & B

If this item pertains to this project, then copy the number from Column A to Column B.

If this item does not pertain, then write in NA for Not Applicable.

If this item has not yet been decided on, then write in TBD, To Be Determined.

6	6	5
10	NA	
6	TBD	

PROJECT – Column C

Determine your project's score for this item and enter that number in Column C.

No entry for Column C is needed for NA and TBD items

6	6	4
---	---	---

TOTAL SCORE

Add up Column B and add up Column C.

Divide Column C total by Column B total to get your project's score as a percent.

Score = $9/12 = 75\%$

	12	9
		75%
