COUNTY CLERK

Dear Chair White:

SUBJECT: 2016 ANNUAL STATUS REPORT ON THE IMPLEMENTATION OF THE MAUI COUNTY COMMUNITY PLANS

Transmitted for your review and consideration is the Planning Director's Report on the status of implementation of eight (8) out of nine (9) Maui County Community Plans required pursuant to §8-8.5, General and Community Plans, of the Maui County Charter and Maui County Code (MCC) §2.80B.030. The ninth community plan, Kahoolawe Community Plan, has been excluded from this report because its implementation is within the jurisdiction of the Kahoolawe Island Reserve Commission, and there have been no related county actions. This report provides an explanation of the County's progress towards implementation of the Community Plans derived from County agency reports as well as enforcement.

IMPLEMENTATION

In each of the eight (8) community planning documents of Maui, Lana'i and Moloka'i, the eldest dating back to 1994, there are implementing actions that set forth a procedure, program, or technique for effectuating the intent of the supporting policy or policies within their subsection. Most of the implementing actions in the Community Plans (CP) fall within the County's jurisdiction. For the purposes of this report, each County department has been assigned a lead role in each implementing action despite the realization that coordination of two or more County departments can occur. For those actions that fall under Federal or State jurisdiction, or engage private entities, the County may act as a support mechanism or a direct contributor as we have no direct responsibility for these actions.

Status reporting was completed by surveying the different departments and agencies assigned actions and by using three criteria. They provided their best estimate

COUNTY COMMUNICATION NO. 16-70

of their progress on their implementation of each action item within each plan. They indicated if the item was in one of three stages of implementation: "G", "Y" or "R" - respectively defined as "Green", "Yellow" or "Red." "Green" indicates the program/policy has been implemented; "yellow" indicates the department is either addressing the line item or has addressed it to some extent; "red" indicates the department has not addressed the line item at all.

Reviewing Agencies

- Civil Defense Agency
- Department of Environmental Management
- Department of Finance
- Department of Fire and Public Safety
- Department of Housing and Human Concerns
- Department of Management
- Office of the Mayor
- Department of Parks & Recreation
- Department of Personnel Services
- Department of Planning
- Police Department
- Department of Public Works
- Department of Transportation
- Department of Water Supply
- State/Federal/Other

The overall progress towards implementation indicates that of the total **619** actions contained within all the Community Plans combined, Maui County, other government agencies, and partner agencies have implemented 151 actions, or 24%; have partially implemented 246 actions, or 40%; and have not implemented 222 actions, or 36% ("Table 1"). The overall progress towards implementation by each department or agency and also by respective community plan is also provided in this table. Exhibit "1" contains matrices of each department or agency's respective Community Plan's Programs, Policies and Projects and their status of implementation.

ENFORCEMENT

The General Plan is comprised of the Countywide Policy Plan (CWPP), the Maui Island Plan (MIP) and nine (9) Community Plans (CP). These documents are designed to be a key resource for County staff in assuring the goals and policies of these plans reflect day-to-day operations. Enforcement of the plans comes in a variety of ways, including but not limited to, specific land-use regulations which involves the application of County, State and Federal ordinances, and the review and processing of development projects.

The Department of Planning (Department) continuously processes a significant amount of land use permit applications on a daily basis. The Department's Fiscal Year 2015 Annual Report indicates that more than 12,200 permits and reviews were processed. The following provides an overview of some of the different types of permits administered by the Department and how conformance and implementation of General Plan policies and actions are applied in each.

A. Discretionary Permits.

The General Plan documents are enforced through the review and approval, approval with conditions, or denial of a variety of discretionary land-use permits. Certain state and county laws require "consistency" with the plans when reviewing discretionary permits, or the permits cannot be granted. The Department and the Maui, Moloka'i, and Lana'i Planning Commissions are charged by certain laws to review applications and in many cases require consistency with the General Plan documents. Permits may be approved, approved with conditions, or denied on the basis of following the Plans. The following identifies the most common permits and how they are reviewed in accordance to the plans.

- 1. Special Management Area permits.** Coastal Zone Management law comes under Chapter 205A of the Hawaii Revised Statutes (HRS). Special Management Areas (SMA) are established under this law beginning at 205A-21, and are intended to regulate "Developments."

Under HRS 205A-26 (2): *No development shall be approved unless the authority has first found:*

(C) That the development is consistent with the county general plan and zoning. Such a finding of consistency does not preclude concurrent processing where a general plan or zoning amendment may also be required.

SMA permits for developments are divided into "exemptions", or "minor" and "major" permits. Minor permits are generally those having a valuation under \$500,000 (formerly \$125,000) and have been concluded to have no significant or cumulative environmental impacts. The authority for minor permits on Maui and Lana'i is delegated to the Planning Department, and on Moloka'i to the Moloka'i Planning Commission. Major permits are generally those having a valuation over \$500,000 or that may have a significant environmental effect. Major permits require a public hearing and are approved, approved with conditions, or denied by the respective island's planning commissions. Exemptions are issued when the proposed activity and/or structure is deemed not to be a development and has no negative impacts. In FY 2015, the Department processed or is processing 610 SMA exemptions, and minor and major permits. Eight (8) of those are major applications, 155 are minor permits, all of which must be consistent with the General Plan.

2. **County Special Use Permits.** County Special Use permits are reviewed under the requirements of MCC §19.510.070. County Special Use permits are not to be confused with State Land Use Commission Special permits. The code requires that in order to grant a County Special Use permit:

A. Compliance Required. A special use permit shall comply with the provisions of this section and with the policies and objectives of the general plan and community plans of the county, the Hawaii Revised Statutes, and the revised charter of the county.

B. Criteria for Permit. Subject to the provisions of this chapter, the appropriate planning commission shall review and, after a public hearing, may approve a request for a special use if the commission finds that each of the following criteria have been met:

1. *The proposed request meets the intent of the general plan and the objectives and policies of the applicable community plan of the county;*
2. *The proposed request is consistent with the applicable community plan land use map of the county;*

County Special Use permits are approved, denied, or approved with conditions by the appropriate planning commission. In FY2015, five (5) permits were granted with conditions.

3. **State Land Use Commission Special Use Permits.** Similar to Conditional Permits, compliance with the general plan is not specifically required, but the Planning Department requires that applicants address the plans. In FY 2015, the planning commissions ruled on 14 permits.

B. Legislative Actions

The various documents comprising the general plan play a fundamental roll in legislative actions before the County Council. For instance, **Changes in Zoning** are viewed as a primary means to implement the plans, and these are reviewed under the requirement of MCC §19.510.040. The County Council may grant a change of zoning if (all of) the following criteria are met:

- a. *The proposed request meets the intent of the general plan and the objectives and policies of the community plans of the county,*
- b. *The proposed request is consistent with the applicable community plan land use map of the county.*

In FY 2015, the department processed or is processing 15 applications for zoning. Since zoning can only be granted if consistent with the community plans, sometimes Community Plan Amendments is necessary. In FY 2015, the Department processed or is processing six applications for these amendments.

Conditional permits are approved via ordinance by the County Council and are reviewed under the requirements of MCC §19.40. While compliance with community plans is not specifically required under this section of the zoning code, the Department always requires that applicants address and analyze compliance with the Countywide Policy plan. In FY 2015, the Maui County Council ruled on seven (7) Conditional Permits.

C. Subdivisions

Subdivision review is under the requirements of MCC §18.04.020-Authority and scope. §18.04.030 - Administration.

A. This title shall be applied and administered within the framework of the County general plan, community plans, land use ordinances, the Maui County Code, and other laws relating to the use of land. The director shall not approve any subdivision that is not consistent with the County general plan, community plans, State land use classification, and zoning.

The Department reviews proposed subdivisions and requires conformity with the provisions of the General Plan. This includes the review of lot sizes and configurations, traffic access, drainage facilities, lands dedicated for public use (e.g. schools, parks and trails), recreational and open spaces, and other measures as may be necessary to insure consistency with or implementation of the General Plan. In FY 2015, the Department conducted 384 subdivision reviews.

D. Direct Enforcement Actions

There are various means for the Department to directly enforce the General Plan, such as through zoning, under MCC §19.530; the Special Management Area law, under HRS205A-32; Special Management Area Administrative Rules of each planning commission; and Administrative Rules for the Department. In the course of enforcing zoning or SMA laws, it may often be the case that a corrective action may require a discretionary permit. As described above, compliance with the General Plan is required before many of the discretionary permits can be granted. In cases where a specific land-use violation cannot come into compliance with the General Plan, the activity must cease or structure(s) removed.

E. Review of annual Capital Improvement Projects (CIP)

The Department provides the Mayor's Budget Office with an annual analysis of the Mayor's proposed Capital Improvement Projects (CIP) budget and though not specifically required, reviews each project for consistency with the General Plan's policies and actions.

It is important to note that the documents within the General Plan are not to be equated with zoning. Whereas general plan documents are intended to shape development over time and provide guidance and direction for a community, zoning is mandatory and provides for explicit types of uses, to promote the health, safety and general welfare of the public, and are identified in Maui County Code and Hawaii Revised Statutes. General Plan documents are also fluid in nature, in that priorities and circumstances can change during their lifetime. This flexibility is important to the County as a means to address the changes that occur over time which may affect the County's vision, the availability of funding for programs and future tools and technology that may be used to implement the General Plan.

The Maui Planning Department has long been aware that more could be done to implement our plans and the many actions they contain. Historically, special projects to implement the plans have been sporadic in effort and time, and admittedly of limited effectiveness. In order to achieve more consistent and significant results, the Department initiated the formation of the Plan Implementation Division in late 2012 and finally established it in 2015. The purpose of the division is to dedicate staff and resources specifically to the task of implementing our plans.

This division is and will be tasked to take on the larger, significant projects that would go a long way toward implementing many actions at the same time. Some of the measures include establishing Important Agricultural Lands (IAL), auditing and possibly modernizing our zoning code, conducting comprehensive state district reclassification, comprehensive county zoning, updating Special Management Area Boundaries, and tracking the efforts of other departments and agencies in their respective roles to implement the plans.

In the 2015 session of the Hawaii State Legislature, this division was responsible to have a bill introduced to fund the studies and conduct the processes necessary to establish IAL. Establishing IAL in Maui County would go a long ways toward preserving our agricultural lands, something emphasized in virtually all of our plans. House Bill 1042 received considerable support until it came time for funding.

In its FY 2017 budget request to the County Council, the department has included two items directly related to implementation. The first is a request for \$250,000 for IAL. Another item is a request for \$250,000 to submit a petition to the State Land Use Commission to redistrict those lands identified for growth in the Maui Island Plan.

and Members of the Maui County Council

This measure would save years of time and millions of dollars over each project being reviewed one at a time.

Thank you for your consideration of this matter. Should further clarification be necessary, please feel free to transmit them to the Department via transmittal through the Office of the Mayor.

Sincerely, -

WILLIAM SPENCE
Planning Director

Community Plan Region	REF.	Planning CP Implementing Actions	G	Y	R
Molokai (2001) – Con't	142	Compile special plans and studies necessary to implement the recommendations of the Community Plan. These would include water development, housing, roadway and traffic, drainage, solid and liquid waste, and other special studies as required.		X	
	143	Develop regulations which define and provide for true family subdivisions. These regulations should consider reasonable deviations from subdivision requirements and slight density increases that would not detract from the area's character.			X
	144	Establish appropriate enterprise zones on Molokai exempt from certain taxes and assessments as long as establishment is not detrimental to existing businesses.	X		
	145	Establish an industrial park in Palau and provide State funding support to ensure its viability.	X		
	146	Implement a County historic marker program to identify significant historical and legendary sites that are appropriate for public interpretation.			X
	147	Pursue the implementation of traditional use districts through definition by statute of permissible uses, the establishment of appropriate regulator mechanisms, and designation of areas on the land use map.			X
	148	Implement a historic district overlay mechanism to provide protection for areas of significant archaeological, historical and cultural resources.			X
	149	Review and revise the Special Management Area boundary to include the entire island of Molokai except Department of Hawaiian Homes lands and Kalawao County.			X
	150	Establish on the 110 acres owned by the County at the Kaluakoi resort a 5 acre area for fire department and other emergency uses.			X
	151	Implement new procedures to provide increased opportunity for community and agency review of agricultural subdivisions.			X

Community Plan Region	REF.	Planning CP Implementing Actions	G	Y	R
Molokai (2001) – Con't	152	Consider the implementation of traditional use districts through definition by statute of permitted uses, the establishment of appropriate regulatory mechanisms, the designation of areas of the land use map, and the adoption of a County ordinance. Consideration of new mechanisms should include: (a), Preservation of significant cultural sites; (b), Protection of traditional Hawaiian gathering rights; and (c), Promotion of traditional uses. Areas that should be considered for traditional use areas would include but would not be exclusive to: (a), all of the north shore and valleys from and including Halawa Valley to Kawakiu nui; (b), Ka Ulu Kukui O Lani Kaula at Pu`uohoku Ranch; (c), all state lands in forest reserve; (d), Pu`u Honua O Ka`apahu in Kamalo; (e), the Kawela Cultural Complex on Lapakohaina ridge as identified in the Marshall Weisler study; (f), Kapuaiwa grove in Kalama`ula; (g), the Naiwa Cultural complex including the makahiki grounds, hula platform, rain heiau, Pu`u ano ano, and the Kipu ruins; (h), Ka`ana, the birth place of the hula; (i), Puu Hakina Cultural Complex; (j), Keonelele sand dunes from Kakaako gulch to Mo`omomi; (k), and all fishponds.			X
	153	Establish zoning standards with varying minimum lot sizes to prevent improper use and reflect different kinds of agricultural activities within the agricultural district.	X		
Lanai (1999)	154	Fund and establish a cultural resources preservation program which would address the protection, preservation and restoration needs of the following: a. Historic cemeteries. b. Keomoku Church and surrounding environs. c. Kaiolohia (Federation Camp) and buildings. d. Hawaiian fishponds. e. Stone trail at Naha. f. Salt blocks and <i>pipi</i> chutes at Manele. g. Kaumalapau Village. h. Old locomotive engine at Halepalaoa. i. Train whistle at the top of the shop. j. Post Office building. k. Police Station building and jail. l. Old Gymnasium. m. Old Bowling Alley. n. Old Administration building. o. Old Theater. p. First Hawaiian Bank building. q. Bomb shelter at Maunalei. r. Brackish water pond at Lopa. s. Boat shelter at Naha. t. Old Lana`i School flagpole at Cavendish Golf Course. u. Hotel Lana`i. v. Community flagpole; w. Senior Citizens center.		X	
	155	Expand the role of the County's Urban Design Review Board to include the review of proposed public buildings on Lana`i.	X		

Community Plan Region	REF.	Planning CP Implementing Actions	G	Y	R
Lanai (1999) – Con't	156	Update the County's socio-economic forecast model as new data becomes an on-going basis for evaluating socio-economic issues and conditions.	X		
	157	Analyze the zoning and subdivision ordinances to identify amendments which will facilitate and support the maintenance and development of small business and cottage industries.	X		
	158	Undertake a comprehensive rezoning program to implement the Lana'i Community Plan Land Use Map.			X
	159	Study and appropriately designate Dole Park and its adjoining town core in order to protect and preserve the historic character of the area.		X	
	160	Implement Country Town design guidelines for Lana'i City.	X		
	161	Identify coastal access opportunities through former agricultural roads			X
	162	Conduct a regional land resource assessment to: a. Identify areas suitable for revegetation and reforestation with native plant species; and b. Identify areas suitable for designation as groundwater recharge expansion areas.			X
	163	Implement the Interpretive Master Plan for island of Lana'i.		X	
	164	Preserve Kaunolu Village on the National Register of Historic Places.	X		
	165	Seek to establish a Maunalei Historic Preserve.		X	
	166	Inventory and identify old plantation camps.	X		

Community Plan Region	REF.	Planning CP Implementing Actions	G	Y	R
Lanai (1999) – Con't	167	Seek funding to establish a Lana`i cultural center which will document the rich and diverse heritage of the island. Components of the cultural center should include: a. A multi-cultural-based museum which documents pre-contact and post contact histories and resources; b. An oral history program to document local history; c. An educational program to expand awareness and understanding of Lana`i's cultural resources; and d. An ongoing cultural resources inventory program.	X		
	168	Conduct a parking study for Lana`i City's commercial core to define parking needs and to identify parking solutions which maintain the country town character of Lana`i City. Consideration shall be given to: a. Maintaining existing parking patterns around Dole Park; b. Developing and adopting parking standards which are compatible with Lana`i City's country town environs; c. and Identifying new off-street parking areas which facilitate the implementation of the Lana`i Community Plan land use map.		X	
	169	Study and appropriately designate Dole Park and its adjoining town core in order to protect and preserve the historic character of the area.		X

	19	Construct drainline "F" situated makai of the Lahaina Aquatic Center and Honoapiilani Highway.	X		
	20	Develop incentives and requirements for energy efficient building design and site development practices, including modifications to building, zoning, and subdivision codes.		X	
	21	Adopt standards for housing design and construction to reduce energy and water consumption.		X	
	22	Review and amend building and subdivision codes and zoning standards such as minimum lot sizes, and compact parking ratios as a way to reduce the cost of development.			X
	23	Discourage at-grade intersections along the planned Lahaina Bypass Road, in order to maintain safe and efficient traffic flow.		X	
Wailuku-Kahului (1996)	24	Maintain drainage ways, swales and spillways.	X		
	25	Update and implement the Department of Transportation's Maui Long Range Planning Study: Islandwide Plan and other traffic master plans to implement the Community Plan. The improvements to the regional roadway network should include but not be limited to the following:		X	
	26	Maui Lani: Extend Lono Avenue, Kamehameha Avenue, and Onehee Street into the Maui Lani Project District		X	

Community Plan Region	REF.	Public Works CP Implementing Actions	G	Y	R
Wailuku-Kahului (1996) – con't	27	Maui Lani: Provide interconnections with the Maui Lani roadway Highway, Honoapiilani Highway, and Waiale Drive in order to provide maximum flexibility for the additional traffic to be generated by Maui Lani and to reduce its impact on adjoining existing neighborhoods.	X		
	28	Maui Lani: Upgrade Mahalani Street, Kamehameha Avenue, Onehee Avenue and Lono Avenue to County collector road standards.		X	
	29	Maui Lani: Plan the Maui Lani Parkway as an arterial road.	X		
	30	Maui Lani: The Lono Avenue extension should precede the Kamehameha Avenue and Onehee extensions. If Maui Lani does not proceed in a timely manner, the County should proceed with the Lono Avenue extension.			X
	31	Kahului: Improve major intersections to accommodate increased traffic volumes, including turning lanes, signals, and other improvements, including but not limited to the corridors of Kamehameha, Puunene and Wakea Avenues.	X		
	32	Kahului: Improve existing roadway systems within the Kahului Light Industrial area and accessing Kahului Airport to facilitate egress/ingress and to provide for the safe and convenient flow of traffic.	X		
	33	Kahului: Improve Lower Main Street.	X		
	34	Wailuku: Establish additional major routes between Kahului and Wailuku by utilizing the major road systems of the Maui Lani and C. Brewer Project Districts with connections to Honopiilani and Kuihelani Highways and Waiale Road.		X	
	35	Wailuku: Extend Mahalani Street as a through connection between Kaahumanu Avenue and Waiale Road. This extension shall be preceded by or developed concurrently with a second roadway access to Maui Memorial Hospital.	X		
	36	Wailuku: Establish a new Wailuku through road connecting Honopiilani and Kahekili Highways, utilizing the existing Waiale Road right-of-way, the old cane haul road, as well as the major roads in the Pihana Project District.		X	
	37	Wailuku: Provide left turn lanes on Lower Main Street between Mill Street and Waiale Drive.		X	
	38	Wailuku: Facilitate or expedite the connection of Waiale Drive to Kuikahi Drive.	X		

Community Plan Region	REF.	Public Works CP Implementing Actions	G	Y	R
Wailuku-Kahului (1996) – con't	39	Wailuku: Improve Waiale Drive and plan for a future connection to the Honoapiilani Highway south of Waikapu.	X		
	40	Other: Acquire and maintain Waiko Road as public vehicular right-of-way.		X	
	41	Other: In addition to other roadway improvements, implement other alternatives for improving traffic circulation in the region through signalization, one-way streets, prohibiting on-street parking and heavy-weight vehicles, and establishing time controls.			X
	42	Other: Provide a second roadway access connecting to the Maui Memorial Hospital	X		
	43	Provide incentives to promote the use of alternative energy sources			X
	44	Develop procedures and regulations to streamline government review and approval for housing projects. This should result in cost reductions by expediting the time required for implementation.		X	
	45	Revise zoning, building and housing codes to allow for specialized elderly housing projects.			X
	46	Provide a second roadway access to Maui Memorial Hospital. This access should precede or be concurrent with the extension of Mahalani Street.	X		
	47	Streamline the land use, building permit and subdivision processes through means such as consolidated public hearings and concurrent processing of applications.		X	
	48	Update and implement a drainage master plan for the planning region.		X	
	49	Adopt standards and regulations for the use solar heating, low flush toilets and other conservation fixtures in new building construction.	X		
	50	Develop incentives and requirements for energy efficient building design and site development practices through various approaches, including modifications to building codes and zoning and subdivision ordinances.		X	
	51	Establish ordinances to designate heavy weight commercial traffic routes to relieve traffic impacts on residential neighborhoods and the traditional town center.	X

	54	Provide pedestrian and bicyclist amenities within Wailuku Town, including shaded rest stops, bicycle parking, trash receptacles and public restroom facilities.			X
	55	Implement related actions specified in the Transportation section of the Community Plan related to roadways, pedestrian and bikeway improvements.		X	
Paia-Haiku (1995)	56	Maintain drainage ways, swales and spillways.	X		
	57	Undertake more frequent resurfacing and repair, and widening of road shoulders in dangerous sections, in order to improve road conditions.	X		
	58	Construct sidewalks with landscaping in the commercial areas of Paia and Haiku, so as to retain their existing characters.		X	
	59	Require archaeological field checks before issuance of building and grading permits for properties located in gulches.			X
	60	Provide a stop sign on Haiku Road at its intersection with West Kuiaha Road, so that West Kuiaha Road becomes a through street.			X
	61	Adopt standards and regulations for the use of solar heating, low flush toilets and other conservation fixtures in new building construction.	X		
	62	Adopt standards for housing design and construction to reduce energy and water consumption.	X		
	63	Revise building, subdivision and roadway standards appropriate for rural areas to maintain its character, and reduce cost of developments.			X

Community Plan Region	REF.	Public Works CP Implementing Actions	G	Y	R
Makawao-Pukalani-Kula (1996)	64	As a condition of subdivision approval for non-agricultural lots, require that lot owners execute agreements which preclude legal action being brought against nearby farmers on issues relating to agricultural operations/nuisances.			X
	65	Revise the subdivision ordinance to require bona-fide agricultural use for agricultural subdivisions.	X		
	66	Maintain Makawao Avenue and Baldwin Avenue as the primary roadways serving Makawao Town center.	X		
	67	Eliminate as a capital improvement project, the planning, design and funding for the Makena-Ulupalakua connector road.	X		
	68	Construct pedestrian, equestrian and bikeway facilities which connect major origin and destination points. Such facilities include: a. Pedestrian/equestrian/bikeway routes which link Makawao Town center, Eddie Tam Memorial Gym, Kalama Intermediate School, and continuing along Makani Road to Haleakala Highway; b. Pedestrian/equestrian/bikeway routes which link Pukalani residential areas with the Pukalani Community Center, Pukalani Elementary School, and the Pukalani Terrace Center, along Pukalani Street from Haleakala Highway to the Pukalani Country Club, with a future extension to the Kulamalu project; and c. Pedestrian/bikeway route along the Pukalani Bypass and Kula Highway from Makani Road to Ulupalakua.		X	
	69	Provide continuous sidewalks and encourage protective overhangs along Baldwin and Makawao Avenues.		X	
	70	Provide continuous sidewalks along Lower Kula road within Waiakoa Village, from the Kula Community Center to Calasa Road.		X	
	71	Develop and implement alternate rural standards for public facilities and privately sponsored building improvements, roadways and subdivisions.			X
	72	Improve the safety of Omaopio and Pulehu Roads.	X		
	73	Establish an additional roadway connection to Haleakala Highway from Pukalani Terrace through the 65 acre single-family area located north of and adjacent to the existing Pukalani Terrace residential subdivision. The alignment of this new roadway shall not displace existing residences.			X

Community Plan Region	REF.	Public Works CP Implementing Actions	G	Y	R
Makawao-Pukalani-Kula (1996) con't	75	Provide safe bicycle routes along Makani Road from Makawao through the new Pukalani Terrace subdivision and along Kula Highway from Makani Road to Keokea.		X	
	76	Prepare an Upcountry master plan for equestrian trails, bikeways and pedestrianways, including a capital improvements program which can be funded by Federal, State and County monies.		X	
	77	Prepare a roadway master plan for the Upcountry region, including the development of appropriate road standards for rural areas.		X	
	78	Improve Kealaloa Avenue, particularly at its intersection with Haleakala Highway, to facilitate movement of heavy weight vehicles. Once such improvements are constructed, heavy weight vehicles providing service to Haleakala Dairy and Ranch shall be prohibited access from Makawao Avenue and Lower Kealaloa Avenue. Any improvements shall preserve the scenic qualities of the route to the greatest extent possible.		X	
	79	Adopt standards and regulations for the use of solar water heating, low flush toilets and other conservation fixtures in new building construction.	X		
	80	Use energy efficient street lights and develop appropriate street lighting standards for agricultural and rural areas.		X	
	81	Rewrite the existing Maui County Building Code and subdivision code to reduce home construction costs in rural and remote areas and to ensure that development is compatible with the Upcountry area.			X
	82	Consider development of rules which would allow the use of house trailers for temporary residential use while construction of permanent residence is in progress. Such use would be allowed only for a period of two years from issuance of the building permit.	X		
	83	Explore modifications to building and subdivision codes and standards such as minimum lot sizes, and compact parking ratios which will reduce the ultimate cost of housing.		X	
Hana (1994)	84	Limit the height of man-made walls to avoid visual obstruction of coastal areas and scenic mauka areas.		X	
	85	Review and modify, as appropriate, the existing Maui County building code and subdivision code, to promote reduction in home construction costs.			X

Community Plan Region	REF.	Public Works CP Implementing Actions	G	Y	R
Hana (1994) con't	86	Develop and implement appropriate "rural standards" for public facilities and privately sponsored building improvements, roadways and subdivisions.			X
	87	Improve sidewalks and roads within residential areas to ensure safe passage for pedestrians and vehicular traffic.		X	
	88	Develop appropriate and achievable rural standards for infrastructural improvements.		X	
	89	Prepare a Pi'ilani Highway management plan which identifies: (1) features to be preserved; (2) signage requirements; (3) maintenance requirements; and (4) traffic management.			X
	90	Improve Pi'ilani Highway as an alternative route to Hana while protecting and preserving the integrity of natural landforms and historic structures in remote areas.		X	
Molokai (2001)	91	Adopt an updated building code requiring increased energy and water conservation.	X		
	92	Control soil runoff and sedimentation of coastal waters through better enforcement of grubbing and grading and through conservation practices such as the revegetation of barren areas, control of domestic and feral animals and maintenance of fishponds and other retention basins.		X	
	93	Amend the building and environmental codes to establish better controls over grubbing and grading and to discourage building on slopes in excess of 20%.	X		
	94	Revise the County subdivision code to allow for review of environmental, economic, social, archaeological, historic, cultural resources, and cumulative impacts. It should also allow for public review and comment.			X
	95	Develop regulations to define and provide for true family subdivisions. Consider reasonable deviations from requirements and slight density increases that would not detract from the area's character.		X	
	96	Implement a drainage master plan for Kaunakakai Town.		X	
	97	Formulate and adopt rural and historic district roadway standards to promote the maintenance of historic landscapes and streetscapes in character with the region.			X
	98	Adopt appropriate subdivision and roadway improvement standards to provide affordability and a rural character.			X

West Maui con't (1996)	30	Determine the needs and feasibility for an emergency medical care facility for the West Maui region	X		
	31	Monitor needs for expanded Intermediate and High School facilities and programs to assure that facilities are in place.		X	
	32	Construct cafeteria facilities at Princess Nahienaena Elementary School and Lahaina Intermediate School.	X		
	33	Address and resolve concerns over water rights when private interests conflict with Native Hawaiian or traditional uses consistent with Article XII, Section 7, Hawaiian State Constitution, and Section 1-1, Hawaii Revised Statutes.		X	
Wailuku-Kahului (2002)	34	Kahului: Improve Dairy Road between Kuihelani Highway and Keolani Place.	X		
	35	Acquire a minimum of 10 acres of land for expansion of Maui Memorial Hospital as soon as possible.			X
	36	Study circulation patterns at school sites.		X	
	37	Re-establish school bus routes and stops to minimize impacts on residential neighborhoods and provide sheltered stops where appropriate.			X
	38	Study traffic patterns and circulation at intersections adjacent to school sites prior to road construction, to ensure safe access.	X		
	39	Implement the State Department of Transportation Bikeway Master Plan and the County Bikeway Plan.		X	
	40	Implement a unified landscape planting theme along Ka`ahumanu Avenue from Kahului to Wailuku and along other major public roadways.		X	
	41	Implement related actions specified in the Transportation section of the Community Plan related to roadways, pedestrian and bikeway improvements.		X	

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Wailuku-Kahului con't (2002)	42	Update and implement the Department of Transportation's Maui Long Range Planning Study: Islandwide Plan and other traffic master plans to implement the Community Plan. The improvements to the regional roadway network should include but not be limited to the following:		X	
		<u>Maui Lani</u> : Provide interconnections with the Maui Lani roadway network to Kuihelani Highway, Honoapiilani Highway, and Waiale Drive in order to provide maximum flexibility for the additional traffic to be generated by Maui Lani and to reduce its impact on adjoining existing neighborhoods.			
		<u>Kahului</u> : Improve major intersections to accommodate increased traffic volumes, including turning lanes, signals, and other improvements, including but not limited to the corridors of Kamehameha, Pu`unene and Wakea Avenues.			
		<u>Kahului</u> : Construct the planned Airport Access Road.			
		<u>Kahului</u> : Improve existing roadway systems within the Kahului Light Industrial area and accessing Kahului Airport to facilitate egress/ingress and to provide for the safe and convenient flow of traffic.			
		<u>Kahului</u> : Improve Kahului Beach Road between Ka`ahumanu Avenue and Waiehu Beach Road/Lower Main Street.			
		<u>Wailuku</u> : Establish additional major routes between Kahului and Wailuku by utilizing the major road systems of the Maui Lani and C. Brewer Project Districts with connections to Honoapiilani and Kuihelani Highways and Waiale Road.			
		<u>Other</u> : Improve Honoapiilani Highway south of Kuihelani Highway. <u>Other</u> : Improve Kuihelani from Pu`unene Avenue to the future Maui Lani Parkway and plan for the continuation of such improvements to Honoapiilani Highway.			
		<u>Other</u> : Plan and construct a Pu`unene Bypass that would connect the Mokulele Highway and Kuihelani Highway and continue to Ka`ahumanu Avenue, via the future Maui Lani Parkway.			
		<u>Other</u> : Plan and implement improvements to Ka`ahumanu Avenue as soon as possible.			
	<u>Other</u> : In addition to other roadway improvements, implement other alternatives for improving traffic circulation in the region through signalization, one-way streets, prohibiting on-street parking and heavy-weight vehicles, and establishing time controls.				

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Paia-Haiku (1995)	43	Undertake more frequent resurfacing and repair, and widening of road shoulders in dangerous sections, in order to improve road conditions.		X	
	44	Provide landscape buffering along the makai side of the proposed Alternate Road and along the makai and mauka edges of the sugar mill area and in a manner that does not detract from scenic vistas.			X
Hana (1994)	45	Develop and maintain a groundwater and surface water resources monitoring program to define and monitor water levels to meet the current and future demands.		X	
	46	Establish and maintain an aquatic resources management and monitoring program.		X	
	47	Establish and maintain feral animal control programs, and programs which control invasive alien plant species.		X	
	48	Conduct a native language oral history program to record the knowledge of the kapuna, as it relates to cultural practices and values.			X
	49	Establish programs to rejuvenate and exhibit the various cultural practices, and to reorient youth and adults with their cultural heritage.		X	
	50	Develop and implement regulations to protect taro lo'i.		X	
	51	Regulate commercial tour operator use of Wai'anapanapa, Pua'a Ka'a, and Kaumahina State Parks in order to allow greater resident use.		X	
	52	Establish an enforcement officer's position to enforce rules and regulations within State parks, beach areas, and conservation lands.		X	
	53	Prohibit dry docking of boats within the Hana Bay except during storm and/or high surf conditions.		X	
	54	Prepare watershed management plans for the Hana District to protect the district's surface, ground and coastal waters.		X	
	55	Conduct a regional assessment to identify areas suitable for revegetation with native plants and the re-establishment (of) indigenous fauna and avifauna.			X

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Hana con't (1994)	56	Monitor the selection and application of chemical pesticides and fertilizers, and develop incentives to reduce their use.			X
	57	Establish a Hawaiian language immersion program in Hana.			X
	58	Offer programs in Hawaiian language and culture for all age groups.		X	
	59	Establish additional counselor positions to meet the students' needs at the Hana High and Elementary School.		X	
	60	Develop incentives to reduce teacher turnover at schools within the Hana region.			X
	61	Conduct a native language oral history program to record the knowledge of the kapuna, as it relates to cultural practices and values.			X
	62	Establish programs to rejuvenate and exhibit the various cultural practices, and to reorient youth and adults with their cultural heritage.			X
	63	Improve Hana Highway to allow safe passage of two-way vehicular traffic.		X	
	64	Improve Pi'ilani Highway as an alternative route to Hana while protecting and preserving the integrity of natural landforms and historic structures in remote areas.		X	
	65	Prepare a Hana Highway and Pi'ilani Highway roadway management plan which identifies: (1) significant features to be preserved; (2) signage requirements; (3) roadway maintenance requirements; and (4) a traffic management system.		X	
	66	Prepare a Hana Airport master plan.			X
	67	Establish full-time mental health and elderly services case management positions to meet the needs of the Hana region.		X	
	68	Maintain the Hana Health Advisory Committee to assist in developing programs to meet the future medical services needs of the Hana District.		X	

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Hana con't (1994)	69	Seek funding to expand skybridge and other community education and telecommunication programs.			X
	70	Conduct a native language oral history program to record the knowledge of the kapuna, as it relates to cultural practices and values.		X	
Makawao- Pukalani-Kula (1996)	71	Provide additional elementary schools, as required and establish a student enrollment limit of 700 for each school.		X	
	72	Provide a new intermediate school when enrollment at Kalama Intermediate School reaches 1,200. The new intermediate school would serve students from Pukalani and Kula, with Kalama Intermediate School serving students from Makawao and Haiku.			X
	73	Construct permanent school buildings to replace existing temporary classrooms.		X	
	74	Give priority consideration to the "no-build" alternative of the proposed Upcountry-Kihei Highway. If built, establish an alignment for the Upcountry-Kihei Connector road which provides a connection to Haleakala Highway near its intersection with Hali`imaile Road.		X	
	75	Prohibit vehicular access onto the Pukalani Bypass Highway. Access should be from Makani Road, Makawao Avenue or Haleakala Highway.			X
	76	Conduct a regional land resource assessment to identify areas suitable for revegetation and reforestation with native plant species.		X	
	77	Implement a forest planting program to achieve a goal of an additional 10,000 acres of forested land to enhance the Makawao-Pukalani-Kula region's natural environment (e.g., watershed recharge, soil erosion mitigation). Encourage agencies and educational institutions to increase instructional programs in organic farming and integrated pest management.		X	
	78	Explore the establishment of general hospital services at Kula San Hospital.	X		

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Makawao-Pukalani-Kula (1996) con't	79	Develop an upcountry public safety center centrally located in Pukalani which will provide facilities for comprehensive health and emergency services, and a police substation.		X	
Molokai (2001)	80	Build a historical interpretive center on Molokai at Malama Cultural Park.			X
	81	Conduct a feasibility study for a boat ramp at Kamalo.			X
	82	Develop Malama Park.			X
	83	Create a Department of Hawaiian Home Lands-County Task Force to study and identify opportunities for developing cooperative programs and projects.			X
	84	Support the development of alternate subdivision standards for infrastructure which insures the health, safety and welfare but also is consistent with the desired lifestyle of the Native Hawaiian community and the reduction of construction costs.		X	
	85	Provide public health education programs with outreach services to more remote areas.		X	
	86	Maintain and enhance Molokai General Hospital, particularly in the areas of provision of acute care and obstetrics services.		X	
	87	Establish full-time mental health case management positions, psychologists and psychiatrists on island, in the Department of Health.		X	
	88	Encourage and maintain the Na Pu`uwai program.	X		
	89	Establish a community health center in the East End between Ualapu`e and Puko`o.			X
	90	Develop fire, police and ambulance substations at the West End between Ualapu`e and Puko`o.			X
	91	Implement plans for the expansion of Kaunakakai Harbor.			X

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Molokai con't (2001)	92	Install navigational lights at Hale O Lono Harbor.			X
	93	Provide guard rails in appropriate locations to improve highway safety.		X	
	94	Upgrade highway lighting from Kaunakakai to Hotel Molokai.		X	
	95	Provide bridges instead of fords on Kamehameha V Highway at Kapualei and Puko`o for safety purposes.		X	
	96	Maintain a Hawaiian language immersion program on Molokai. Department of Education's school/community based management system (SCBM) should be considered as a means in this effort.	X		
	97	Expand programs in Hawaiian language and culture, including immersion and kupuna programs.		X	
	98	Expand the library facility on its current site in Kaunakakai. Expand hours of operation to include Saturdays. Establish a small cultural center and library in the East End, possibly at the site of Kaluaaha Church. Establish a small library in the West End, possibly in Maunaloa.			X
	99	Provide for the expansion of Kaunakakai Elementary School to the east or north, by approximately five (5) acres, as appropriate.			X
	100	Construct a new intermediate school.			X
	101	Seek funding to construct a new campus for Maui Community College on Molokai at the Public/Quasi-Public site east of Kaunakakai Elementary School where the existing College facilities already exist. Fifteen acres of the site should be considered for the new campus.			X
	102	Establish marine conservation and fishing management programs and maintain Mo`omomi Dunes as a natural area in perpetuity.		X	

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Molokai con't (2001)	103	Develop programs to educate the public with regard to proper use and gathering of resources.		X	
	104	Develop a comprehensive marine resource management program which considers the role of hatcheries, sanctuaries and related projects and programs.			X
	105	Develop a reforestation program for native Hawaiian plants for festive and ceremonial use, sports, arts and crafts, medicinal uses and food for home use.			X
	106	Develop pre-suppression and suppression plans to minimize impacts of wild fires upon native species.			X
	107	Implement hatchery programs to re-stock fishponds, steams, reefs and aquaculture farms.			X
	108	Initiate legislation to assign responsibility, and provide adequate funds for periodic stream cleaning.			X
	109	Control soil runoff and sedimentation of coastal waters through better enforcement of grubbing and grading through conservation practices such as the revegetation of barren areas, control of domestic and feral animals and maintenance of fishponds and other retention basins.		X	
	110	Expand DLNR to provide sufficient enforcement for all its programs on Molokai.		X	
	111	Where appropriate, use the provisions of HRS 198D to indemnify private landowners for access to their lands.		X	
	112	Develop programs to educate the public with regard to proper use and gathering of resources.		X	
	113	Develop a program to reestablish or re-establish access to private lands on an appropriate basis and level of access.			X
	114	Initiate Maunaloa Mountain's forest planting for the purpose of water resource management.		X	
	115	Initiate legislation which recognizes and strengthens Native Hawaiian rights to environmental resources for subsistence purposes.		X	

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Molokai con't (2001)	116	Formulate a Molokai Cultural Resources Plan which covers the development and implementation of programs for the preservation and protection of the historical, archaeological, and cultural areas, sites and features on the island of Molokai.			X
	117	Implement a community curatorship program, site reconstruction and interpretation project at Kaulukukui O Lanikaula.			X
	118	Inventory and identify natural springs and unsurveyed wetlands and develop a means to protect these resources.		X	
Lanai (1998)	119	Implement long term lease agreements between the State and the major landowner for the purpose of preserving and maintaining game management areas.		X	
	120	Maintain the Marine Life Conservation District at Manele/Holopoe Bays.		X	
	121	Maintain the existing boundaries of the Kanepu`u Dryland Forest.		X	
	122	Establish a feral animal control program and apply appropriate game techniques (e.g., provision of feed and water stations) for purposes of protecting and water recharge areas.		X	
	123	Develop a system of floating preserves (e.g. "konohiki system") as a means of managing nearshore coastal resources.			X
	124	Prohibit the use of plant material necessary for water recharge. Plant material necessary for water recharge shall not be used as a source of landscape planting materials.			X
	125	Conduct a feasibility study to establish a State cultural park on the Island of Lana`i.			X
	126	Provide adequate parking, public telephone and pier lighting facilities at Manele Small Boat Harbor.	X		
	127	Prepare a comprehensive water resource management plan for the Island of Lana`i to establish priorities and allocations for water use.	X		

Community Plan Region	REF.	State, Federal, Other CP Implementing Actions	G	Y	R
Lanai con't (1998)	128	Fund new staff positions to provide medical and public health services for the island's residents.		X	
	129	Prepare a capital improvements plan to address the immediate and long-term requirements for medical and public health services.		X	
	130	Study the feasibility of a medical service facility site at Manele.			X
	131	Develop appropriate incentives to attract and retain teachers and administrators.			X
	132	Fund a drivers' education program to include staff and educational materials.			X
	133	Seek funding to implement and expand community education and telecommunications programs.			X
	134	Provide access to the HITS program for the Lana'i High and Elementary School.		X	
	135	Consult with the Hawaiian community on the Island of Lana'i concerning the location of 50 acres of land to be provided pursuant to conditions of the State Land Use Commission.			X
	136	Coordinate consultations between the Lana'i Company and the Board of Regents of the University of Hawaii for an appropriate site consisting of a minimum of five acres for a permanent facility on the island of Lana'i.			X
